STRENGTHEN YOUR MIND

By Charles A. Thompson

It is so important that we strengthen our Financial Mind. Ephesian 4:23 says "And be Renewed in the spirit of your mind."

In the Early 1900s, The Elites of the world came up with a system in America to produce a Nation of obedient and compliant workers who would make them Rich while the workers themselves suffer and remain barely above the Poverty line. In this System, their Secrets of Business & Wealth would purposely be kept away from the average American citizen. This system has been in place for over 120 years, Dumbing Down the masses who willfully subject themselves to its Control. What is This system called??? "The United States Public School System".

This "Poorman philosophy" is engrained in our minds from the time we can walk: "Go to School, Get good Grades, Graduate and Get a Good 9 to 5 Job." Or "Borrow Money, Get in massive debt, to pay your College Fees So that you can earn a Degree and Get a slightly better paying 9 to 5 Job." From Kindergarten through College, The Secrets of Building Wealth are Purposely Kept Away from The Minds of students. We instead are fed a Crap Load of Mindless subjects and Encouraged to enroll in Curriculum that have Absolutely Nothing to do with Real Financial Education. When we Graduate from Their school system, 95% of us are either in Student Loan Debt up to our ears, Or we are Barely surviving from Paycheck to Paycheck in a 9 to 5 JOB. Hence the Real meaning of J.O.B. is Just Over Broke. So Let us Restore What's Been Stolen from us in the K-12-College Rothchild Public School System . Let us Re-Educate Ourselves and Our Children in the field of Finance & Money. Let us Learn the Secrets of Building Wealth and Financial Freedom. Let us "BE RENEWED IN THE SPIRIT OF OUR MINDS." (Ephesians 4:23)

**You Become What
You Think About All
Day Long!**

You Are The Sum Total of Your Thoughts

Be Careful of What You Plant in Your Mind

The Human Mind is The Largest Continent on Earth. God has given each one of us the Freedom and Opportunity to Plant Whatever we decide into This Huge Land Mass of Enriched Soil. But with this Great Freedom comes Great Responsibility and Acceptance of HIS UNIVERSAL LAW. And That Universal Law is: "WHATSOEVER A MAN SOWS, THAT WILL HE ALSO REAP." (Galatians 6:7)

As a Farmer, we can plant whatever decide into our Field. We can plant poisonous seeds of Doubt, Fear and Evil thoughts and produce a poisonous crop that will Kill us, Or we can plant Positive seeds that will produce Positive Results that will Feed us for the rest of our lives.

The Enriched Soil, The Huge Acres of Land in Our Mind Doesn't care what type of seeds we plant in it, But Whatever we Plant in it, Will be Returned to us in a Plentiful Harvest. The Roots of these seeds will be eternally engrained into the Deep Regions of Our Sub-Conscience Mind and Our Daily Lives will be The Harvest of these Seeds. So Be Very Careful of the Information you Consume and of the Thoughts that you Think, because "WE ARE THE SUM TOTAL OF OUR OWN THOUGHTS!"

What is a Mustard Seed? A Mustard seed is the seed of one of the Largest Trees on Earth. But yet it is the smallest of All seeds that God created on the Earth. Christ chose this seed as a Reference to The Kingdom of God. In Mark 4:30-32 it says: "The Kingdom of God is like a grain of Mustard seed, which when it is sown in the Earth, is less than ALL the seeds that be in the Earth. But when it is sown, it grows up and becomes Greater than ALL the Herbs (Plant life), and shooteth out Great Branches, so that the fowls of the air may lodge under the shadow of it." This is a Perfect Picture of God's Kingdom. It's Also a Perfect picture of True Wealth. It starts out so tiny, but when it is sown, it Grows into the Largest Kingdom of All Time, a Kingdom that will Never Stop Growing.

As adult parents, most of us have at least one time in our life made the following statement to our children: "Money Doesn't Grow on Trees!" not realizing by making such a statement, we are sowing in our kids mind "The Seeds of Poverty." We are unwittingly teaching them the harmful and negative effects of Scarcity Living.

"GOOD TIMES"

There was a very popular sitcom TV Show back in the 70s and 80s called "GOOD TIMES". It was a show about the daily struggles of a small black family of 5 people from Chicago. Although the show had some positive messages, Good Times by and large did a lot of damage to the Physique of black people by magnifying and glorifying the Scarcity Lifestyle. It told us black folk that no matter how hard we try to come up, we would Never rise above the Poverty Line of a 9 to 5 Job. Subconsciously it programmed the minds of everyone who watched it that making a living is the ultimate goal in life. It reenforced what we've all been taught all our lives, that we must go to school, get good grades so that we can get a good job that barely pays the bills. James Evans, played by the Great Actor John Amos, was the #hashtag image of the word J.O.B. Just Over Broke. In nearly every episode, his struggles with his below minimum wage J.O.B. was the Highlight of the show. He was either getting laid off, or getting fired, or promised a promotion and then have it stripped away from him at the last minute. As a kid I loved "Good Times". It was my favorite all time show. But Now looking back, I clearly see the subliminal Poorman message that was Drilled into my young mind.

The Message of using only 5% of my mind instead of 100. The pipe dream message of making a good living off of Chump change. Anybody can make a good living. A Dog can make a Good Living. A Cat, an Ant and an Elephant can make a Good Living. It doesn't require much Brain Activity to make a Good Living. We Spend 12 years of our lives and 4 to 8 more years in College being Brainwashed on How to Make a Good Living. This is what you called Being Dumbed Down. Our School systems are Nothing but Money Grubbing, Money Grabbing Dumbing Down Institutions. They teach the Same O O Crap year after year, Never Ever Teaching the secrets of Finance and How to Grow Money instead of Making Money. The Truth is Real Wealth cannot be Made, it can only be Grown. Money is not a physical thing. Money is an Idea, planted into the Fertile soil of our mind. The Holy Word of God says, "Be not Deceived, God is Not Mocked. Whatsoever a man soweth, that shall he also reapeth (Eph.6:7). And then it says in vs9, "Let us not be weary in Well doing, for we shall Reap in Due Season if we Faint Not." Our Mind is the Largest piece of Real Estate on Earth. What we Plant in it, Dictates the Outcome of our Lives. I choose to plant nothing but Good Positive and Righteous thoughts, and Creative Groundbreaking Ideas into my mind. All Day Every Day I'm uploading marketing strategies, business information and Million Dollar Ideas into the hard drive of my mind. I Look for Every opportunity to plant Seeds of Success into the Garden of my mind. And as I begin to Apply All this great knowledge, All those tiny little Mustard Seeds of Faith will soon begin to Sprout and Grow into the Largest Trees on Earth producing me a Lifetime Supply of Never ending Fruit. And that Fruit ladies and gentlemen is COLD HARD CASH. Because "Money Actually Does Grow on Trees."

Money is Like Air

By Charles A. Thompson

Can We Breathe Too Much of it? What Happens When We Breathe Too Little of it?

Many people have heard the phrase "Money is like Water" or "Money flows like the current of a River" hence the term "Currency". But Most people have never heard the phrase "Money is Like Air."

As we Compare Air to Money, let's ask ourselves a few questions about Air and substitute the words "Making Money" for Breathing Air to Expose our Deep Hidden Attitude toward Money"

1. How much Air do we need to Survive? 2. How much Air do we want to breathe each day? 3. Will breathing too much Air kill me? 4. Will breathing too little kill me? 5. Will breathing too much Air cause my Neighbors to suffer? 6. Am I wrong for wanting to breath Air All Day Long? 7. Is there a Limit to How Much Air I should be breathing each day? 8. Shouldn't I be breathing Air While I'm asleep? 9. Or should I Only breathe Air between 9 to 5? 10. Why am I having difficulties breathing Air? 11. Is it because of my sub-conscience belief that Breathing too much Air is Sinful? 12. Is it because I take Air for granted and don't appreciate the benefits of breathing it? 13. Or is it because I believe Air is Filthy and I'll become Filthy if I breathe too much of it? And Last but Not Least! 14. Is Life Saving, Life Altering Air Passing me by Each Day because I am Too Lazy to get my Butt up out of Bed and Open The Doors and Windows of my house?? I Don't know about you, but when I ask myself these Questions, I come to Three Conclusions:

1. I Can Never Make Too Much Money.
2. There is Unlimited Opportunity and Avenues to Money for Every Single person on Earth to Live a Wealthy Lifestyle.
3. The Sky's The Limit to How Much Money I Can Breathe Each Day! Because "Money is Indeed Like Air!" Smash That LIKE button & Say AMEN!

Freedom Ain't Free

Invest in Your Financial Education & Freedom

True Freedom Never Comes Without A Price

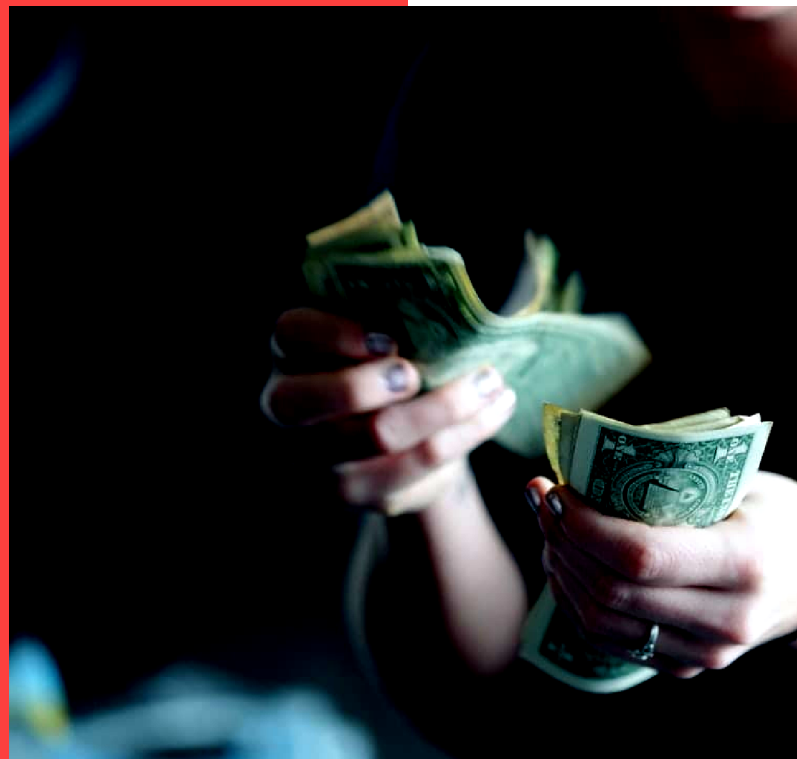

The Reason most people Never Cross that bridge to Financial Freedom is because they are too Cheap to put their Skin in the Game. They sit there and Dream all day long about living a Wealthy lifestyle, but when it comes time to Cough up some Cash, they Run to the nearest Exit.

Have you ever wondered why Health and Wealth are spelled the same minus the first letters and how one affects the other in Negative or Positive ways? It's because spiritually they are the same. If we fail to Focus on our Health, our ability to gain Wealth will suffer. If we fail to Focus on our Wealth, then our ability to pursue Good Health will suffer. It is a Fact that Money or Lack of Money affects our Health. Many poor people die each year simply because they can't afford the cost of high quality nutritional food or the cost of Good Medical Care.

So it's also a Fact, the Wealthier we are, the Healthier we are. But in order to gain Life changing Wealth, we must be willing to invest in our Financial Education. We must be willing to Buy that Real Estate course, that Marketing program or that E-Commerce Course that will teach the the ins and outs of Internet marketing. We must be willing to fork out \$27.00 for that next Email marketing webinar or \$49.00 for a class on YouTube monetization. We must be willing to sacrifice that purchase of Nike Jordans or a few nights of Going out to eat and Invest in Something that will put Passive Income in Our Pockets and Feed Our Families for The Rest of our Lives. We Must be willing to Invest in our Financial Education & Financial Freedom. We must be willing to Put Some Skin in The Game Because FREEDOM AIN'T FREE.

Get Started

Get On That Bike, Begin Pedaling and DON'T STOP!

I Remember a few years ago Loading my 3 oldest Grandkids & their Brand new Christmas bicycles onto my Truck and heading to the park. My Goal was to teach them all at once how to ride their bikes without training wheels. It was night time and we were the only ones in the parking lot. I just set them on their bikes and let em go.

They were all scared at first especially my grandson, of lifting both feet off the ground and begin pedaling. They kept rocking back and forth from side to side, dragging their feet. After about 30 minutes of trial and error, my oldest granddaughter who was about 7 at the time, finally got the hang of it and was riding around the whole parking lot in extreme joy screaming "I'm Doing it, I'm Doing it." This got the other 2, my grandson and my other granddaughter pumped up and excited. With Determination in their eyes, they begin trying harder and harder. And I'll Never forget it, my oldest granddaughter, after riding 10 or more laps around the parking lot, rode up to her brother and cousin and gave them some tips & advice on what to do. She said "Listen yall, all you gotta do is give yourself a good push off and quickly put both feet on the pedals and start pedaling and DON'T STOP." That's All She said. And I'm telling you it wasn't more than 2 minutes later, they both were riding around the parking lot and screaming "I'm Doing it, I'm riding all by myself." They were all Super Happy. They didn't want to stop riding. I sat back in the Truck and let em ride to their hearts content. We went somewhere to Celebrate their Great Achievements afterwards.

This is a perfect picture of Life. We gotta be willing to get out there and try some new things, try something different. We gotta get out of our Comfort Zone if we want to make a Better Life for ourselves.

We spend so much time, weeks and months studying courses, attending webinars & seminars. We watch YouTube videos until we're blue in the face. NOW It's Time to Put All this Knowledge, All this Information into Action. It's Now time to Get out there and Make some rookie mistakes and Get some Lumps and Bruises. It's Time to Remove Those Training Wheels, Get on That Bike and Start Pedaling! AND DON'T STOP!

Laying The Foundation is Hard Work

09

Resist The Temptation To Quit

Laying the foundation of anything new requires hardwork. A baby when it's born requires around the clock attention from its mother. Studying a new musical instrument requires countless hours of daily practice. Starting a new job or learning a new skill at a job takes weeks of training before the employee becomes proficient at his or her work. Everything new is formless and without shape, including Earth. The Holy Bible Says in Genesis 1:2, "And the Earth was without Form, and Void and Darkness was upon the Face of the Deep." The Labor involved in rebuilding The Earth in this condition was mind blowing. But God Almighty had a Vision. He had a Blueprint in His Mind of Exactly How He wanted the Earth to be. With thousands and thousands of species of animals, insects and the creatures of the Sea to create; the tens of thousands of the different plants, trees, fruits and vegetables; the Glass Firmament (Dome) above the Earth, the Sun Moon and Millions of Stars to create, God could have gave up at the mere thought of such immense labor.

But He didn't. Neither did He Rest Until ALL of His Work was Done. Neither should we. When we receive a vision and blueprint of a new business to start or endeavor to undertake, we must weigh that vision in a balance and count the cost of labor and hardwork that it will take to bring it to pass. Are we willing to set up the systems, build the structure and lay the foundation? Are we willing to do all the mundane tasks and tedious intense labor to get this business launched off the ground? Will we let wipeouts, setbacks and temporary struggles keep us from reaching our goals? NO! Because we know that Struggle is a part of the Process. We know that Every beautiful building begins with the Laying of the foundation.

I remember in my early 20s working with my dad in the Construction business, the hard back breaking labor I endured pouring foundations and footings for Huge building like Hospitals, Parking Garages, Aiplane Hangers and Boeing Aircraft Facilities and Manufacturing Plants. As a general laborer, we sometimes had to pour concrete one wheelbarrel at a time. We would walk hundreds of yards with a hundred or more pounds of concrete back and forth until the pouring was complete. There were moments when I wanted to quit, but I kept going because one, I was the Boss's son and two I wanted to see the end result of my hard labor. As a Construction

Engineer and Superintendent, my Dad has supervised the construction of nearly half of the Big Buildings in the city of Wichita Kansas my hometown. It's a great feeling to walk through or drive by many of those beautiful buildings knowing that I played a vital part in its construction. Every time I drive by, I think of the blood sweat and tears that I put into the foundations of those buildings. No one else can see those foundations, but I know in a heartfelt way that they are there. This all reminds me of the way successful businesses are built. At the beginning there's nothing but blood, sweat and tears put into it. No one sees all the Longsuffering and the painstakingly long hours of labor poured into it. But those drops of blood, sweat tears are the precious seeds of success being Sown, Laying the Firm Foundation of a Beautiful Vibrant Prosperous Business for the Whole Entire World To See & Enjoy for Years To Come. In Jesus Mighty Name! Amen & Amen!

Above All Take On The Shield of Faith (Eph.6:16)

That You May Be Able to
Quench The Firery Darts of
Doubt, Fear and Unbelief

One of the Biggest Lessons that I learned about Life is that "Life is War". We all have a common Enemy. He's called god of this world, the prince of darkness, and the god of Death. His name is the Devil. From the moment we're Born until the Time we die, the Devil Stands at Full attention to Completely Devour our Lives. The Holy Bible (Rev. 12:1-4) gives us a perfect picture of his evil intentions toward all humanity describing him as The Red Dragon. Verse 4 says: ",and the Dragon Stood before the Woman which was ready to be delivered, to DEVOUR Her Child AS SOON AS IT WAS BORN." The Devil hates us simply because we're made in the image of ALMIGHTY GOD. He knows that Through Jesus Christ The Son of God, each one us is Destined to Greatness, therefore he relentlessly Plots and Plans strategies against us to keep us away from The Promises of GOD. And if we don't fight back, if we fail to recognize that we are in an All Out War for our very own lives, it's Lights Out for us. That's why The Word of God Tells us in Ephesians 6:10, to "Be STRONG in The Lord and in the POWER of His MIGHT."

We have to put on The Whole Armour of GOD, that we may be able to stand against the wiles (The Plots & Plans) of the Devil. We must gird our loins with Truth, cover our chest with the Breastplate of Righteousness, and put on the Shoes of The Gospel of Peace. But Above All, we must Take on the Shield of Faith that we may be able to Quench ALL the firery darts of The Wicked, (Eph.6:14-16).

So What is Faith? Faith is The Substance of thing Hoped for, The Evidence of Things Not yet Seen (Hebrews 1:1). Faith is Believing those things that Aren't as though They were. Faith has Nothing to do with the eyes, but has Everything to do with the Ears and our Mind. Romans 10:17 says: "Faith comes by Hearing, and Hearing by the Word of God." The Holy Spirit of God Always leads us into the realm of impossibilities and encourages us to go beyond our normal abilities. He will have us Look at a Desperate situation and then speak to us To Fix it and make it 10 times better. But as soon as we receive that Inspiration, that Word of Faith, the Enemy will launch a Campaign of Doubt, Fear and Unbelief against us to keep us from reaching our Destiny. Facing an imminent death by Pharaoh's army, God will lead you like He led Moses and the children of Isreal up against The Red Sea and Nowhere to go, and Command You to stretch forth your Rod of Power in FAITH and Behold a Great Miracle Against All Odds occurs, allowing you to Cross over on Dry Land and Reach your Impossible Goals, All as a Result of Your FAITH!
